6.0 Remarks from Provost Denis Wiesenburg
• Expressed support for the preferred candidate.
• Parking: Faculty have expressed concerns about receiving tickets and warnings for parking in non-faculty/staff zones. Faculty are allowed to park in any faculty designated zones as well as zones designated for students or commuters.
• Faculty Consulting Policy: The USM faculty consultant guidelines were in large part borrowed from Ole Miss for standardization of the policy with other state institutions. Instructor has been added to the policy and other minor changes have been made. Consulting must be approved by department chair and the provost. Consulting without permission is a serious offense. The provost requested input on allowing teaching at other universities/colleges in a variety of scenarios. Faculty senators provided feedback regarding the issue.
• Tenure and Promotion form and document requirements are now on the Provost’s website for easy accessible at http://www.usm.edu/provost/forms
• Provost plans to improve summer salaries once the new president is in office and before summer session. Taskforce has been formed to look at student retention and success. Would like to have FS representation.
• TaskForce has been formed to look at international programs. Co-chairs Bill Powell and Kristi Motter will review other university strategies in student retention. While GPA and SAT scores, freshman year experience and financing are factors, we need to be able to understand how engaged students are in university life. Would like to have Faculty Senate representation on the taskforce. It was suggested that a student from the international program should be added to the taskforce.
• A search committee chaired by Dean Moser is being organized for the Dean of the Library position.

7.0 Old Business

7.1 Discussion of Perimeter Fence The new fencing in front of the campus was approved in 2010 by the University Planning committee and will match the existing architecture. The University is responsible for ~90K and MDOT remaining ~20%. It will serve as a security measure controlling random foot traffic across Hardy Street. Senator Conville circulated the Master Campus Facility Plan Committee’s Planning Principles.

7.2 Update on changes in University Libraries Dr. J Norton has been appointed Interim Dean of University Libraries.
