Stringer and Glamser; faculty academic freedom/freedom of speech; communication between the President and the faculty; respect/trust/inclusion of the faculty on the part of the current Administration; the President’s Council as the tool of the Administration to foster communication with the faculty/staff; the continued visibility of the Senate. 4.10.1.1 Jim Crockett provided an oral report (work not yet completed) regarding a request by the Senate to ask the State Auditor to review the hiring process of the new administrative appointments. That letter was sent; a response was received from Phil Bryant stating that there are no set criteria or set procedures for the hiring process. Also, the Attorney General has ruled that the State Auditor cannot audit the University Foundation. He also reported on the past request directed to Dr. Angeline Dvorak for a copy of her vitae. The Committee met with Dr. Dvorak two days ago and addressed questions to her regarding information on her vitae. She did provide a copy of her vitae for review. It was his impression that she did not intend to misrepresent; that her vitae is more a resume rather than a curriculum vitae. The Committee offered a resolution for review by the Senators pertaining to the issue; vote to set aside rules to entertain the resolution with editorial changes to be done by the Committee members; passed; vote on resolution passed. Editorial changes will be addressed. Jim also offered comments regarding requests for information regarding procedural guidelines regarding future searches.

4.10.2 AAUP (Bill Scarborough)

4.10.2.1 Bill reported that Mike Forster, the state leader of the AAUP, attended the national conference of the AAUP. He reported that the national office is still concerned regarding the state of affairs at USM; there are two possible routes that can be undertaken by the AAUP; that of censure (which is not possible under the current circumstances given that a settlement occurred in the case of Stringer and Glamser) or sanctioning; Bill’s opinion was that we should wait before acting.
