Faculty Senate Meeting Minutes

April 4, 2008

Guest speaker: Dr. Bobby Middlebrooks

Academic Affairs: Dr. Middlebrooks reported that the interviews for advertised deans positions was ongoing and that recommendations and decisions should be forthcoming. In view of Dean Fos’s decision to accept the Provost position at University of Texas, Tyler, an interim dean will be named for the College of Health by May 1 and that a search for a new dean will begin in the Fall. President Saunders made the decision to extend the search for the College of Education and Psychology Dean and indicated that it is possible that the services of an outside search firm will be sought to seek a larger pool of qualified candidates. The NCATE Focused Visit is scheduled for April 20-22.

Dr. Middlebrooks also reported for President Saunders on the following:

Administrative Affairs:

Budget: The IHL board will be addressing equity funding at its next meeting. This involves several proposed options for allocating appropriated funds. Southern Miss should not be negatively impacted by any of these options, although we have offered counter-proposals that we believe will work best for us. Our anticipated growth as we recover from Katrina will help.

Cross Creek campus: IHL staff is still finalizing details with the master planners. President Saunders has commissioned an update of the 1998 Feasibility Study on Educational Needs on the Coast to inform us as we move along.

Advancement:

USM is planning to have a strong presence at Mississippi Day in Central Park in June. This is a big celebration and very popular with native Mississippians living in NYC. USM will host a dinner for alumni living in the area (approximately 300) in the NASDAQ conference center thanks to our alumnus Bruce Aust, who is one of the NASDAQ vice presidents.

Four new IHL board members have been named and two are from USM.

Athletics:
The Spring game is coming up and we hope to pack the stadium as a show of encouragement to our new head coach.

External Relations:

Things are getting intense in Jackson. Chairman Watson delivered a bond bill from the House. Senator Kirby has responded with a more modest bill and it is all going to conference soon. It is imperative that we get R&R money to repair our buildings and we have been working hard to get this through. The governor has opposed the bond bill but we are hoping he will soften his stance.

Student Affairs:

Noel Levitz consultant has met with the enrollment planning committee and they have identified key performance indicators.

President’s Office:

The University Strategic Planning Committee has heard reports from the subcommittees recommending key performance indicators for our areas of strategic interest. The chairs of those committees will be working together to merge the recommendations. We will then gather data needed to set realistic goals. This should be available in the Fall for departments to set strategies, tactics and resource needs.

Provost-elect Lyman is receiving information on activities and is eager to get started. Lyman spoke to all of the dean candidates.

President Saunders expressed special thanks to all who made her inauguration so special and one of the finest days of her life.

The deans and the Faculty Handbook committee will each send in a proposal to clarify the timing of the pre-tenure review.
