# TABLE OF CONTENTS

**NORTHEAST GULF SCIENCE & GULF OF MEXICO SCIENCE**

**VOL. 1, NO. 1, JUNE 1977**

**Original Articles**

A New Species of Tilefish (Pisces: Branchiostegidae) from the Western Tropical Atlantic. By J. K. Dooley and F. H. Berry .................................................................8

A Trap for Use on Tidal Weirs and Streams. By W. H. Herke, P. M. Yakupzack and W. G. Perry ..................................................................................................................34

The Molluscan Fauna of the Florida Middle Grounds with Comments on its Zoogeographical Affinities. By T. S. Hopkins, D. R. Blizzard and D. K. Gilbert ........................................39

The Gobiid Fish *Palatogobius paradoxus* in the Northern Gulf of Mexico. By C. R. Gilbert ....48

**Review**

Fiddler Crabs of the World by Jocelyn Crane. Reviewed by Richard W. Heard ..................52

**VOL. 1, NO. 2, DECEMBER 1977**

**Original Articles**

Experimental Infection Studies with Bothridio-Plerocercoids of Rhinebothrium sp. (Cestoda; Tetraphyllides) and Two Intermediate Molluscan Hosts. By E. W. Cake ..........................................55

The Pelagic - Sargassum Ichthyofauna of the Eastern Gulf of Mexico. By S. A. Bortone, P. A. Hastings and S. B. Collard ................................................................................60

The Impact of the 1973 Flooding of the Mobile River System on the Hydrography of Mobile Bay and East Mississippi Sound. By W. W. Schroeder ...........................................68

Apparent Effects of Flooding on Distribution and Landings of Industrial Bottomfish in the Northern Gulf of Mexico. By M. Russell .......................................................................77

The Distribution and Abundance of Fishes Caught with a Trawl in the St. Andrew Bay System, Florida. By L. H. Ogren and H. A. Brusher .....................................................................83

Composition of the Ichthyofauna Inhabiting the 110-Meter Contour of the Gulf of Mexico, Mississippi River to the Rio Grande. By M. E. Chittenden and D. Moore .........................106
Notes

Concealment Behavior of the Spanish Lobster, *Scyllarides nodifer* (Stimpson), with Observations on its Diel Activity. By L. A. Ogren .................................................................115

Studies on Decapod Crustacea from the Indian River Region of Florida VII. A Field Character for Rapid Identification of the Swimming Crabs *Callinectes ornatus* Ordway, 1863 and *C. similis* Williams, 1966 (Brachyura, Portunidae). By R. H. Gore ..........119

Reviews

*Fishes of the Gulf of Mexico, Texas, Louisiana and Adjacent Waters* by H. Dickson Hoese and Richard H. Moore. Reviewed by Robert L. Shipp ........................................................................................................123

Vol. 2, No. 2, December 1978

Original Articles

A New Species of Poeciliid Fish of the Genus Poecilia from Hispaniola, with Reinstatement and Redescription of *P. dominicensis* (Evermann and Clark). By L. R. Rivas .....................98

Physical and Biological Observations of the Northern Rim of the de Soto Canyon made from a Research Submersible. By R. L. Shipp and T. S. Hopkins ......................................................113

Short Papers and Notes

Cymothoid Isopods of Some Marine Fishes from the Northern Gulf of Mexico. By E. A. Williams and L. B. Williams .................................................................122

A Method for Tagging Immature Blue Crabs (*Callinectes sapidus* Rathbun). By M. T. Fannaly .................................................................................................................124

Feeding Habits and Food of the Longspined Porgy, *Stenotomus caprinus* Bean. By T. Henwood, P. Johnson and R. Heard ..............................................................133

Occurrence of *Vaucheria adela, V. lii* and *V. nasuta* (Xanthophyceae) in Brackish Marshes of the Northern Gulf of Mexico. By R. A. Pecora ......................................................................137

First North American Continental Record of *Gobionellus pseudofasciatus* (Pisces: Gobiidae). By P. A. Hastings ..................................................................................................................140

By J. H. Finucane, L. A. Collins and L. E. Barger ..............................................................148

**Reviewers**

Reviewers – 1978 .........................................................................................................................150

**VOL. 3, NO. 1, JUNE 1979**

**Original Articles**

Trophic Resource Utilization by Three Species of Sciaenid Fishes in a Northwest Florida Estuary. By P. F. Sheridan ..............................................................................................................1

The Variety and Abundance of Zooplankton in the Coastal Waters of Puerto Rico. By M. J. Youngbluth .................................................................................................................................15

Two New Western Atlantic Species of the Gobiid Fish Genus Gobionellus, with Remarks on Characteristics of the Genus. By C. R. Gilbert and J. E. Randall ........................................27

**Short Papers and Notes**

Leeches of Some Fishes of the Mobile Bay Region. By E. H. Williams ........................................47

Recycling Freshly Shucked Oyster Shells. By J. Ogle ..................................................................49

*Callianassa* (Callichirus) *acanthochirus* (Stimpson, 1866) (Crustacea: Decapoda: Thalassinidae) from the Coastal Waters of Alabama. By R. W. Heard and R. C. Reames ...............51

**VOL. 3, NO. 2, DECEMBER 1979**

**Original Articles**

A Revised Key to *Leptocaris* (Copepoda: Harpacticoida), Including a New Species from a Shallow Estuarine Lake in Louisiana, USA. By J. W. Fleeger and D. R. Clark ........................................53

Three New Species of *Melita* (Crustacea: Amphipoda), with Notes on the Amphipod Fauna of the Apalachicola Estuary of Northwest Florida. By P. F. Sheridan ...........................................60

Additional Marine Fishes New or Rare to Carolina Waters. By G. H. Burgess, G. W. Link, Jr. and S. W. Ross .........................................................................................................................74

Toxicity of Drilling-Mud Biocides to Developing Estuarine Macrobenthic Communities. By M. E. Tagatz, J. M. Ivey and J. L. Oglesby .................................................................88

A New Hogfish of the Genus Bodianus (Teleostei: Labridae) From Islands of the Mid-Atlantic Ridge. By M. F. Goman and R. Lubbock .................................................................104

**Short Papers and Notes**

First Florida Record of *Taphromysis louisianae* (Crustacea: Mysidacea). By T. L. Hamaker and E. Matthews ........................................................................................................112

A Simple Method for Staining the Centra of Teleost Vertebrae. By A. G. Johnson .........................113
Community Structure and Abundance of Fishes Inhabiting Oceanic Oyster Reefs and Spoil Islands in the Northeastern Gulf of Mexico. By G. Bass ..........................................................116

VOL. 4, NO. 1, SEPTEMBER 1980

Original Articles
Distribution, Seasonality and Abundance of King and Spanish Mackerel Larvae in the Northwestern Gulf of Mexico (Pisces: Scombridae). By J. D. McEachran, J. H. Finucane and L. S. Hall.............................................................................................................................1

Observations on Fishes Previously Unrecorded or Rarely Encountered in the Northeastern Gulf of Mexico. By J. T. Williams and R. L. Shipp ..................................................................................................................17

Eight New Species of Poechiliid Fishes of the Genus Limia from Hispaniola. By L. R. Rivas .............................................................................................................28

Short Papers and Notes
Sub-Thermocline Maximums of the Dinoflagellates Gymnodinium simplex (Lohmann) Kofoid and Swezy and Gonyaulax polygramma Stein. By D. Kamkowskï .................................................................39

First Record of the Sea Lamprey, Petromyzon marinus L., in the Gulf of Mexico. By V. D. Vladykov and E. Kott ......................................................................................................................49

A Possible Hatchet Marlin (Tetrapturus sp.) from the Gulf of Mexico. By P. J. Pristas........51

Ageing Red Snapper, Lutjanus campechanus, with Otoliths, Scales and Vertebrae. By S. A. Bortone and C. L. Hollingsworth .........................................................................................................................60

On the Occurrence of Spenocarcinus corrosus Milne-Edwards (Brachyura: Majidae) in the Gulf of Mexico. By G. D. Goeke and J. K. Shaw ...............................................................................................................64

Some Factors Influencing the Distribution of the Snail Neritina reclivata. By H. K. Lehman and P. V. Hamilton ...............................................................................................................................67

VOL. 4, NO. 2, APRIL 1981

Original Articles
Acute and Chronic Toxicity of Selenium to Estuarine Organisms. By G. S. Ward, T. A. Hollister, P. T. Heitmuller and P. R. Parrish ..............................................................................................................73
Reproductive Biology and Developmental Osteology of the Florida Blenny, *Chasmodes saburrae* (Perciformes: Blenniidae). By K. M. Peters ................................................................. 79

**Short Papers and Notes**

Occurrence of the Cephalocarid Crustacean *Lightiella floridana* in the Northern Gulf of Mexico with Notes on its Habitat. By A. W. Stoner ................................................................. 105

First Gulf of Mexico Record for *Bianolina brassiacephala* (Amphipoda: Biancolinidae). By P. Steele and S. B. Collard ..................................................................................................... 115

Comparison of Internal Anchor Tags and Floy FT-6B Dart Tags for Tagging Snook, *Centropomus undecimalis*. By G. B. Bruger .................................................................................. 119

The Occurrence of *Muraena robustum* Osorio (Anguilliformes: Muraenidae) in the West Atlantic. By E. B. Bohlke and S. W. Ross .................................................................................. 123

Ten New Records of Deep Water Marine Algae from Georgia and South Carolina. By S. M. Blair and M. O. Hall .............................................................................................................. 127

Feeding Habits of the Atlantic Cutlass Fish, *Trichiurus lepturus*, in the Gulf of Mexico. By D. Mericas .............................................................................................................................. 137

A Comment upon the Distribution of *Taphromysis louisianae* (Crustacea: Mysidacea) in Florida. By P. F. Sheridan and F. G. Lewis III .......................................................................................... 141

**Original Articles**

Causative Analysis on a Nearshore Bloom of *Oscillatoria erythraea* (trichodesmium) in the Northern Gulf of Mexico. By L. Eleuterius, H. Perry, C. Eleuterius, J. Warren and J. Caldwell ................................................................. 1

Cheliped Asymmetry in the Stone Crab, *Menippe mercenaria*, with Notes on Class Reversal and Regeneration. By J. L. Simonson and P. Steele ....................................................... 21

A Comparison of Fish Faunas Found in Pure Stands of Two Tropical Atlantic Seagrasses, *Thalassia testudinum* and *Syringodium filiforme*. By F. D. Martin and M. Cooper .................... 31

A New Species of Tile Fish (Pisces: Branchiostegidae) from Bermuda, With a Brief Discussion of the Genus Caulolatilus. By J. K. Dooley ...................................................................................... 39
Short Papers and Notes
Seaweeds from Gray's Reef, Georgia. By R. B. Searles .................................................................45

Aspects of the Host-Commensal Relationship between a Palaemonid Shrimp (Pontonia domestica) and the Pen Shell (Atrina rigida). By L. A. Courtney and J. A. Couch .........................49

Whale Sharks Associated with Fish Schools off South Texas. By W. Hoffman, T. H. Fritts and R. P. Reynolds ........................................................................................................55

The Distribution of the Flagfin Mojarra, Eucinostomus melanopterus (Pisces: Gerreidae) with Ecological Notes on Texas and Florida Populations. By R. E. Matheson, Jr. .................................63

Differences in Hemoglobin Phenotypes among Spanish Mackerel, Scomberomorus maculatus. By L. C. Skow and M. E. Chittenden ..........................................................................................67

Stomach Contents of Juveniles of King Mackerel (Scomberomorus cavalla) and Spanish Mackerel (S. maculatus). By S. P. Naughton and C. H. Saloman ...................................................................................71

Identification of Small (<3 mm) Larvae of King and Spanish Mackerel, Scomberomorus cavalla and S. maculatus. By S. L. Richardson and J. D. McEachran ........................................................................75

The Use of Cluster Analysis in Comparing Multi-Source Feeding Studies. By S. A. Bortone, D. Seigel and J. L. Oglesby .................................................................................................................81

A Long Term Internal Tag for Sea Turtles. By F. J. Schwartz ........................................................................87

A Survey of the September 1979 Hurricane Damage to Alabama Clapper Rail Habitat. By D. C. Holliman .................................................................................................................................95

Vol. 5, No. 2, July 1982

Original Articles
Character Displacement and Coexistence in Two Poeciliid Fishes of the Genus Poecilia (Molliensia) from Hispaniola. By L. R. Rivas ........................................................................................................1

Bluegreen Algae of a Coastal Salt Panne and Surrounding Angiosperm Zones in a Louisiana Salt Marsh. By R. S. Maples ............................................................................................................39

Short Papers and Notes

First Gulf of Mexico Record of Zu cristatus (Bonnelli) (Pisces: Trachypteridae). By W. J. Eckmayer .................................................................................................................................51

Range Extensions of Four Sea Basses (Pisces: Serranidae) From the Eastern Gulf of Mexico with a Color Note on Hemanthias leptus (Ginsburg). By L. H. Bullock and M. F. Godcharles 53
A Larval Gulf of Mexico Sturgeon (*Acipenser oxyrhynchus desotoi*) from the Apalachicola River, Florida. By C. M. Wooley, P. A. Moon and E. J. Crateau

Commentary

A Need for More Experimental Work in Estuarine Fisheries Ecology. By M. P. Weinstein

Referees

Referees 1981

Vol. 6, No. 1, February 1983

Original Articles

Gaseous Nitrogen Losses from Gulf Coast Marshes. By C. J. Smith and R. D. DeLaune

Ordination of Trace Metals in *Syacium papillosum* (Dusky Flounder) from the Eastern Gulf of Mexico. By P. H. Feldhausen and D. Johnson

Seasonal Variation of Reproduction and Fattening in Gulf Killifish from Brackish Mariculture Ponds. By R. MacGregor III, M. S. Greeley, Jr., W. C. Trimble and W. M. Tatum

Clingfishes (Gobiesocidae) from Belize and Honduras, Central America, with a Redescription of *Bobiesox barbatulus* Starks. By R. K. Johnson and D. W. Greenfield

Range Extensions of Four Sea Basses (Pisces: Serranidae) from the Eastern Gulf of Mexico with a Color Note on *Hemanthias leptus* (Ginsburg). By L. H. Bullock and M. F. Godcharles

Short Papers and Notes

Occurrence of *Squilla heptacantha* (Chace, 1939) (Crustacea: Stomatopoda: Squillidae) in the Northeastern Gulf of Mexico. By D. K. Camp

An Examination of the Vertebral Rings of the Atlantic Sharpnose Shark, *Rhizoprionodon terraenovae*. By G. R. Parsons

A Character Analysis of *Gobionellus boleosoma* and *G. shufeldti* (Pisces: Gobiidae) from the North-Central Gulf of Mexico. By F. L. Pezoid and R. C. Cashner

Vol. 6, No. 2, October 1983

Original Articles

Macroinvertebrate Infauna of a Salt Marsh Tidal Creek. By R. G. Horlick and C. B. Subrahmanyan

A New Species of Lancelet, *Branchiostoma longirostrum* (Order Amphioxi), from the Western North Atlantic. By H. Boschung
Electrophoretic Comparison of *Cyprinodon variegatus* Lacépède and *Cyprinodon hubbsi* Carr, with Comments on the Genus Cyprinodon (Atheriniformes: Cyprinodontidae).
By C. F. Duggins, Jr., A. A. Karlin and K. G. Relyea

Trophic Relationships of Fishes Occurring with a Surf Zone Habitat in the Northern Gulf of Mexico. By T. Modde and S. T. Ross

Status and Habitat of Alabama Gulf Coast Beach Mice *Peromyscus polionotus ammobates* and *P. p. trissylepsis*. By D. C. Holliman

**Short Papers and Notes**

Sediment Transport by the Terebellid Polychaete, *Amphitrite ornate* (Leidy), under Laboratory Conditions. By T. J. Price and G. W. Thayer

Sharp Reductions in Abundance of Fishes and Benthic Macroinvertebrates in the Gulf of Mexico off Texas Associated with Hypoxia. By J. S. Pavela, J. L. Ross and M. E. Chittenden, Jr.

A Lower Lethal Temperature for Fingerling Snook, *Centropomus undecimalis*. By P. L. Shafland and K. J. Foote

Results of a Survey of the South Florida Fish-Trap Fishing Grounds using a Manned Submersible. By D. L. Sutherland, G. L. Beardsley and R. S. Jones

Additional Information on the Gobiid Fish, *Varicus inswe*, with Comments on the Nominal Species of Varicus. By J. T. Williams and C. R. Gilbert

Redescription of *Gobulus myersi* (Pisces: Gobiidae). By P. A. Hastings

Lower Mississippi River Bed Response to a High Flow Event. By D. O. Cook

**Original Articles**

Distribution and Abundance of Manatees along the Northern Coast of the Gulf of Mexico.
By J. A. Powell and G. B. Rathbun

Observations on Chaetognath Distributions in the Northeastern Gulf of Mexico During the Summer of 1974. By J. A. McLelland .......................................................... 49

Macroinvertebrate Colonization of the Intertidal Habitat of a Dredge Spoil Island in North Florida. By C. B. Subrahmanyam .......................................................... 61

A Description of the Shelf Edge Groundfish Habitat along the Southeastern United States. By C. A. Barans and V. J. Henry, Jr. .......................................................... 77

*Alpheopsis harperi* (Decapoda: Alpheidae): A New Species of Snapping Shrimp from Texas. By M. K. Wicksten .......................................................... 97

Age, Growth, and Mortality of Lane Snapper from Southern Florida. By C. S. Manooch, III and D. L. Mason .......................................................... 109

**Short Papers and Notes**

First Record of Lophiodes from the United States Atlantic Coast. By S. W. Ross and J. H. Caruso .......................................................... 117

Report of a Cephalocarid (*Lightiella incisa* Gooding) from the Florida Keys with Notes on its Habitat. By A. W. Decho .......................................................... 119

**VOL. 7, NO. 2, MARCH 1985**

**Original Articles**

Reproductive Biology of Blue Runner (*Caranx crysos*) from the Eastern Gulf of Mexico. By J. M. Goodwin, IV and J. H. Finucane .......................................................... 139

**Short Papers and Notes**

Notes on the Distribution and Ecology of the Western Atlantic Abalone, *Haliotis pourtalesii* Dall, 1881 (Mollusca: Gastropoda). By R. H. Titgen and T. J. Bright .......................................................... 147

Spawning Periods of Common Inshore Fishes on the Florida East Coast. By D. J. Herrema, B. D. Peery, N. Williams-Walls and J. R. Wilcox .......................................................... 153

Status of *Beoscopelus* (Neoscopelidae) in the Gulf of Mexico with Distributional Notes on *Caulolatilus chrysops* (Branchiostegidae) and *Etelis oculatus* (Lutjanidae). By G. H. Burgess and S. Branstetter .......................................................... 157

Dense Polychaete (*Phyllochaetopterus socialis*) Mats on the South Carolina Continental Shelf. By *D. A. Gettleson, N. W. Phillips and R. M. Hammer* ..........................................................167

Changes in Levels of Infection of Oysters by *Perkinsus marinus*, with Special Reference to the Interaction of Temperature and Salinity upon Parasitism. By *T. M. Soniat* .........................171

A New Locality and Depth Record for the Rare Stichopodid Holothurian *Eostichopus arnesoni* Cutress and Miller (Echinodermata) from Salt River Submarine Canyon, St. Croix, U.S. Virgin Islands. By *E. H. Williams, Jr. and L. B Williams* .........................................................175
